MEMORANDUM FOR: Deputy Director for Science and Technology

FROM:

Director of Central Intelligence

SUBJECT:

National Intelligence Strategy - Technology

The SSCI wants a paper laying out a strategic intelligence plan. The IC Staff has done a draft. I want more substance and perhaps operational detail than they have provided. I enclose three pages which I would like you and your people to look at and see if you can beef them up or give me more specifics on them. You might also give me some thoughts on small systems and other technical capabilities that we hope to bring into use, together with what that can contribute over the next ten years.

William J. Casey
